Manly Vale Service Operations

NATIONAL QUALITY FRAMEWORK

The Service is guided and informed by the National Quality Framework (NQF).

The NQF was the result of an agreement between all Australian governments to work together to provide better educational and developmental outcomes for children. The NQF introduced a new quality standard in January 2012 with the aim of raising quality and driving continuous improvement and consistency in children's education and care services.

The guiding principles of the NQF are;

- the rights and best interests of the child are paramount
- children are successful, competent & capable learners
- equity, inclusion and diversity underpin the framework
- Australia's Aboriginal and Torres Strait Islander cultures are valued
- the role of parents and families is respected and supported
- best practice is expected in the provision of education and care services.

The Daily Evaluation Diaries are also available for your interest.

A newsletter is distributed by email Termly containing important information about changes in the Service, news regarding programming initiatives, activities, Vacation Care etc

Periodically we seek your feedback via Survey Monkey questionnaires. We value your feedback & encourage you to have a voice in the development of the Service.

PROGRAMS

Manly Vale OSHC uses the Approved Learning Framework: My Time, Our Place as a basis for our programming and evaluation.

The 5 outcomes of My Time, Our Place are:

- Children have a strong sense of identity
- Children are connected with and contribute to their world
- Children have a strong sense of wellbeing
- Children are confident and involved learners
- Children are effective communicators

Every session the educators listen out for and observe the children's current interests and abilities. The educators records these interests on our 'Children's input' mind-maps. These input mind-maps are then used to program activities for future weeks.

Every session educators also record observations through online 'jottings'. A jotting outlines an educator's understanding of an individual child's current interests and learning development resulting from their interactions that day. Parents/Guardians can access these observations through their My Family Lounge App - under "Journeys". Children's observations are then used at weekly programming meetings to organise and implement activities to extend children's knowledge, interests and abilities in a meaningful way.

Educators and families are also encouraged to share their own interests and ideas for incorporation into the weekly program. Our program is then evaluated by educators in our Daily Evaluation Diaries for each group, Staff Daily Evaluation Diaries and at weekly staff evaluation meetings. The whole cycle is overseen by our service's registered Educational Leader.

If you would like further information on Manly Vale's programming cycle, please contact the Centre Director. If you would like further information on The School Age Framework *My Time, Our Place* visit www.acecqa.gov.au/families

KINDY CLUB

Each afternoon during Term 1, between 3.00 - 3.30pm the kindergarten group are assigned their own space to engage in a variety of activities.

This program aims to ;

- settle the children after their day at school and facilitate 'quiet time'
- create an opportunity for children to interact with other children at the same developmental stage
- build social skills through play, and
- encourage friendships with children from other kindergarten classes.

FOOD AND NUTRITION

The Service provides:

- breakfast for children attending before school care
- afternoon tea for children attending after school and vacation care
- afternoon snack for those children still present at 5.45pm

Our onsite Chef prepares food daily using the freshest of seasonal produce. Our menu reflects the latest dietary guidelines "Australian Dietary Guidelines" released in 2013 and menu planning aims to incorporate the nutritional needs, eating patterns, food preferences, cultural differences and dietary requirements of the children within our care. Our Educators model healthy eating habits & encourage healthy cooking through programmed cooking activities with the children.

Please advise us if your child has special dietary requirements, so we can cater for them eg. diabetes, allergies or intolerances.

A weekly menu is displayed at the entrance to the Centre.

STAFF TO CHILD RATIOS

Under The Education and Care Services National Regulations, Manly Vale OSHC follows a minimum Staff:Child Ratio of:

- 1 staff member to every 15 children at the centre

If your child is to be absent from ASC it is essential that you advise the Service via My Family Lounge by 3pm on that day. Staff will not accept verbal messages.
